

**BORDER IRWIN L555 HAPLOTREE** Big Tree format  
 based on results of 30 L555 BigY tests and 77 L555 Pack tests, to 30 April 2019  
 with additions from other SNP tests, known genealogical relationships and STR-based predictions.  
 Named branches (e.g. Borshaw, Dumfries) are supported by pedigrees.

- L555 hg18 "high confidence"
- L555 hg19 "high confidence", but questionable
- L555 hg19 strong data, but not confirmed by hg38 (to be checked against hg38 BAM data)
- L555 hg19 weak data, not confirmed by hg38 (to be checked against hg38 BAM data)
- L555 unknown SNP, evidence detected by past test results; -ns for "parent" but -ns for known "sons"
